

## REFERENCE NUMBERS SELECTED FOR THE NOVEMBER 12-13, 2005 RT EXAMINATION

The following candidates with reference numbers listed below have been scheduled for the November 12-13, 2005 RT Examination. All examination fees and fingerprint documents, if required, are due at the Board by October 17, 2005. Reference numbers are required on all documents.

Failure to appear for the examination without good cause, as determined by the board, constitutes a failure to pass the examination, and shall be counted as an attempt.

Fingerprints may be submitted by either Live Scan or Cards. Fingerprint clearance is required prior to issuance of a Dental License. Effective July 1, 2005 anyone residing in California is required to submit fingerprints via Live Scan.

**Live Scan** is available only in California, for either residents or visitors, and is far speedier. The website has the form you need to complete and take to the Live Scan service location, and a list of the locations where it is obtainable. The procedure is that you take the completed form to the service location, pay a fee, they take your fingerprints on a glass without ink, transmit it electronically to the California Department of Justice (DOJ), and the DOJ sends the report to the Dental Board. Usually the report is received within two days. There is a low rate of rejections with this method.

**Ink on Cards** If you are not able to come to California, you may order 2 cards from the Dental Board - there is a link on the website for ordering. Fingerprints may be done on standard FBI cards available at any local law enforcement agency. *Be sure to type or print legibly in black ink all the areas on both cards asking for personal information, that it is dated and signed by the official taking the fingerprints, and has your signature.* Include the 2 cards in your application with a \$56 non-refundable processing fee. Reports on some cards are received within a month after submission. Some responses may take many months due to needing to be repeated because of unreadable prints or other factors beyond the control of the Dental Board.
